(5.9" x 4.9" x 5.9")

Lens Mount

DW6V9VAD 4~8mm Varifocal Lens
NTSC or PAL Fixed Iris

DW6V9VBD 4~8MM Varifocal Lens
NTSC or PAL DC Iris

INSTALLATION

1. Remove outer metal ring and polycarbonate bubble (take care not to scratch bubble by carefully placing on a flat surface and not removing the protective covering until the last step).
2. Attach dome base to ceiling with the enclosed mount screws.
3. Loosen inner screws, adjusting the camera's pan/tilt metal mechanism.
4. Position camera and lens to desired viewing position by rotating thru 130 degree pan and 90 degree tilt until the desired view is obtained.
5. Tighten pan/tilt screws to secure camera position.
6. Lift back protective covering.
7. Lock dome assembly onto base with the provided torx wrench.

WARNING

To reduce the risk of fire or electric shock, do not expose this appliance to rain, water or wet locations.
